Cloud DevOps Engineer with 4+ years of experience designing enterprise AWS infrastructure, CI/CD pipelines, and multi-cloud environments. Holds 9 certifications across AWS, Azure, and GCP with hands-on expertise in Docker and Kubernetes. Currently based in Germany on a Chancenkarte visa with immediate work authorization.

WORK EXPERIENCE

Deeeplabs Pte Ltd - Cloud Engineer

June 2025 – Present

Singapore

- Built an AWS self-service portal to automate infrastructure provisioning in isolated networks for a Singapore public university.
- Migrated 50+ .NET/Java apps from manual deployments to automated CI/CD pipelines (GitLab, Trivy, SonarQube) for a Singapore polytechnic.
- Built serverless infrastructure to automate high-traffic queue management for a Singapore government ministry.
- Migrated microservices applications onto Singapore GovTech's CStack Kubernetes platform.

Upwork (freelance) - DevOps Engineer

April 2025 – April 2026

- Credential Verification Bureau: Managed high-availability AWS infrastructure, cutting operational costs by 40%.
- PT Swipe Pay Indonesia: Built a PCI DSS-compliant environment; passed first audit with 100% compliance.

FlexiDev Pty Ltd - DevOps Engineer

March 2025 – May 2025

Australia

- Built a multi-cloud backup solution (AWS to DigitalOcean via Rclone) for 1TB of client data, ensuring GDPR compliance for a gaming platform.
- Built hybrid CI/CD pipelines with IaC for Proxmox and Azure App Service, enabling zero-downtime blue-green deployments.

G-Asia Pacific Sdn Bhd - Cloud Engineer

May 2024 – January 2025

Indonesia

- Led technical delivery between Malaysia HQ and Indonesian clients across 2 concurrent cloud projects.
- Designed end-to-end deployment processes following security and performance best practices.
- Built a secure, multi-account AWS infrastructure compliant with PCI DSS.
- Cut operational costs by 40% through rightsizing and Reserved Instance optimization.

Indonesia

- Managed AWS infrastructure for SAP, ERP, ArcGIS, and core banking systems, maintaining 99.99% uptime.
- Designed scalable AWS architectures (VPC, EC2 Auto Scaling, RDS Multi-AZ, CloudFront) for enterprise workloads.
- Resolved 100+ support cases with a 100% success rate, consistently beating SLA targets.

EDUCATION**Bachelor of Computer Science***Sep 2018 – Feb 2022**Esa Unggul University - Indonesia*

- GPA: 3.74 (Top 10% of class)

PROFESSIONAL CERTIFICATIONS

- AWS Certified DevOps Engineer – Professional
- AWS Certified Solutions Architect – Professional
- AWS Certified Security – Specialty
- AWS Certified Solutions Architect – Associate
- AWS Certified SysOps Administrator – Associate
- AWS Certified Cloud Practitioner
- Google Cloud Architect – Professional
- Google Cloud Certified – Associate Cloud Engineer
- Microsoft Certified: Azure Administrator Associate

SKILLS**Tech Stack**

- Cloud Platform : AWS, Google Cloud (GCP), Azure, DigitalOcean
- Containers & Serverless : Docker, Kubernetes (EKS), AWS ECS, AWS Lambda, Cloud Run
- Infrastructure as Code : Terraform, AWS CloudFormation
- CI/CD & DevSecOps : GitHub Actions, GitLab CI, Azure DevOps, Trivy, SonarQube
- Observability : Prometheus, Grafana, AWS CloudWatch,
- Networking : Nginx, Transit Gateway, API Gateway, VPN
- Scripting & Automation : Python (boto3), Bash, PowerShell
- Security : PCI DSS, GDPR, AWS Security Hub CSPM

LANGUAGE

- English: B2
- German: A1
- Bahasa Indonesia: Native

TRAINING**Professional Development**

- AWS Re/Start Program (July 2022)
- AWS Partner: Advanced Migrating to AWS - Technical (September 2022)
- Google IT Automation with Python - Coursera / Google (2021)
- Bangkit Academy – Google, Tokopedia, Gojek & Traveloka (2021)
