Cloud DevOps Engineer with 4+ years of experience delivering enterprise-grade AWS infrastructure, CI/CD automation, and multi-cloud solutions across Singapore, Australia, and Indonesia. Holds 6 AWS certifications, 2 Google Cloud certifications, and a Microsoft Azure Administrator Associate certification. Proven track record managing mission-critical systems with 99.99% availability and achieving full PCI DSS compliance for regulated clients.

WORK EXPERIENCE

Deeplabs Pte Ltd

Cloud Engineer

Singapore (Remote)

June 2025 – Present

- Architected an AWS-based cloud self-service portal automating infrastructure provisioning and management in isolated networks for a leading Singapore public university.
- Modernized 50+ .NET and Java applications by migrating manual deployments to automated SHIP-HATS CI/CD pipelines using GitLab, Trivy, and SonarQube for a major Singapore polytechnic institution.
- Developed a serverless queue management system (AWS Lambda, SQS, API Gateway) handling ~3,000 high-queue transactions for a Singapore government ministry eliminating manual processing bottlenecks.

FlexiDev Pty Ltd

DevOps Engineer (AWS and Azure)

Australia (Remote)

March 2025 – May 2025

- Engineered a multi-cloud asynchronous backup solution (AWS to DigitalOcean via Rclone) covering 1TB of client data, achieving GDPR compliance for an international Gaming Platform.
- Engineered hybrid CI/CD pipelines with Infrastructure as Code targeting Proxmox and Azure App Service with Blue-Green deployments to ensure zero-downtime releases.

G-Asia Pacific Sdn Bhd

Cloud Technical Engineer (AWS and Google)

Indonesia (Hybrid)

May 2024 – January 2025

- Served as technical lead between Malaysia HQ and Indonesian enterprise clients, coordinating delivery of cloud infrastructure across 2 concurrent projects.
- Architected the end-to-end deployment process with the performance and security best practice.
- Designed and deployed a secure, multi-account AWS infrastructure compliant with PCI DSS.
- Managed high-availability AWS resources, reducing operational costs by 40% through rightsizing and Reserved Instance optimization.

PT. Central Data Technology

AWS Managed Service Engineer

Indonesia (Hybrid)

Aug 2022 – May 2024

- Managed mission-critical AWS infrastructure for high-profile enterprise clients, ensuring 99.99% availability for SAP, ERP, ArcGIS, and Core Banking systems.
- Designed and deployed scalable AWS architectures including VPC, EC2 Auto Scaling, RDS Multi-AZ, and CloudFront distributions for enterprise workloads.
- Resolved 100+ support cases with a 100% success rate, consistently exceeding SLA targets.

EDUCATION

Bachelor of Computer Science

Sep 2018 – Feb 2022

Esa Unggul University - Indonesia

- GPA: 3.74 (Top 10% of class)

PROFESSIONAL CERTIFICATIONS

- AWS Certified DevOps Engineer – Professional
- AWS Certified Solutions Architect – Professional
- AWS Certified Security – Specialty
- AWS Certified Solutions Architect – Associate
- AWS Certified SysOps Administrator – Associate
- AWS Certified Cloud Practitioner
- Google Cloud Architect – Professional
- Google Cloud Certified – Associate Cloud Engineer
- Microsoft Certified: Azure Administrator Associate

SKILLS

Tech Stack

- Cloud Platform : AWS, Google Cloud (GCP), Azure, DigitalOcean
- Containers & Serverless : Docker, Kubernetes (EKS), AWS ECS, AWS Lambda, Cloud Run
- Infrastructure as Code : Terraform, AWS CloudFormation
- CI/CD & DevSecOps : GitHub Actions, GitLab CI, Azure DevOps, Trivy, SonarQube
- Observability : Prometheus, Grafana, AWS CloudWatch,
- Networking : Nginx, Transit Gateway, API Gateway, VPN
- Scripting & Automation : Python (boto3), Bash, PowerShell
- Security : PCI DSS, GDPR, AWS Security Hub CSPM

LANGUAGE

- English: Professional Working Proficiency (IELTS B2)
- German: Elementary Proficiency (Goethe-Zertifikat A1)
- Bahasa Indonesia: Native

TRAINING

Professional Development

- AWS Re/Start Program (July 2022)
- AWS Partner: Advanced Migrating to AWS - Technical (September 2022)
- Google IT Automation with Python - Coursera / Google (2021)
- Bangkit Academy – Google, Tokopedia, Gojek & Traveloka (2021)
